**BRIDGEOLOGIX DEBUTS NEW INDUSTRY SOLUTIONS AT INFOR USER  
CONFERENCE**

**TULSA – September 3, 2007** – Bridgelogix Corporation, an Oklahoma-based leading Infor Solution Partner, today announced it will demonstrate new versions of its Lean Manufacturing and Time & Attendance solutions at Inforum 2007, Infor's annual user conference being held September 9-12, at Las Vegas' Sands Expo and Convention Center. Conference attendees can experience a hands-on demonstration of the widely used Bridgelogix solutions for Infor ERP Baan, Infor ERP BPCS, Infor ERP PRMS, Infor ERP LN & Infor ERP LX, in Booth #525 of Inforum's Solutions Expo.

"What makes our participation at Inforum 2007 so significant is that with our unique 100 percent focus on Infor solutions and our participation as a Gold Sponsor, Bridgelogix will bring the largest range of mobile solutions available to the largest single Infor ERP audience," said Koty Krishna, CEO of Bridgelogix Corporation.

Bridgelogix will demonstrate the latest release of Bridge<sup>2</sup>Time, a comprehensive and highly configuration web based Time & Attendance solution for Baan and LN. Inforum attendees will have the opportunity to test drive the solution, which provides real-time ERP integration, supervisor dashboard, and comprehensive employee and shift/calendar management.

In addition, Bridgelogix will also be launching Bridge<sup>2</sup>Kanban, a part of its Bridge<sup>4</sup>Baan range of solutions, that provides extensive kanban management for companies wanting to implement Lean Manufacturing with the Baan IV and Baan V solutions.

"Bridgelogix is a valued Infor solution partner that has a long and successful record of partnership with us on a global basis to offer industry-leading technologies," said Scott Williams, senior director of global alliance and partner management, Infor. "As our only

recommended data collection partner for LN we work closely with Bridgelogix to ensure our customers' continued success and growth”

Inforum 2007 is expected to attract customers and partners from around the world who come to learn about new business opportunities, collaborate on business-specific solutions, and get the latest news on the product roadmaps for their solutions.

Attendees will have the opportunity to participate in hundreds of educational sessions on topics such as best practices, tips and techniques, product seminars, business strategy, and industry trends.
