## **LOGICOR TO SHOWCASE THEIR SHIPPING SOLUTIONS AT INFORUM 2007**

**Mesa, AZ – August 21, 2007** – Logicor, a leading provider of transportation management shipping solutions and services, today announced it will exhibit and demonstrate their solutions at Inforum 2007. Inforum is Infor's annual user conference being held September 9-12, at the Las Vegas' Sands Expo and Convention Center. Logicor will showcase the latest version of their GlobalShip™ and GlobalShip iSeries™ solutions, in Inforum's Solutions Expo, Booth # 406.

"Logicor values our partnership with Infor and their customers. We feel that exhibiting at Inforum 2007, allows us a unique opportunity to further enhance these relationships," said Gary Deutsch, President, Logicor. "Also, Inforum 2007 gives Logicor an excellent venue to showcase our shipping solutions, which are integration ready for the Infor enterprise applications."

Logicor's GlobalShip suite of products are web enabled, shipment execution components built for organizations seeking high performance, enterprise-wide, multi-carrier shipment processing that is all managed from a centralized server or cluster. Logicor's robust suite of shipping solutions are tightly coupled with their LogiCOM middleware API and business logic engine for seamless integration to other enterprise solutions including, but not limited to: Warehouse Management Systems (WMS), Enterprise Resource Planning systems (ERP), order entry, web shopping cart applications, etc. The GlobalShip solutions can also be integrated to handheld RF devices, material handling applications or in-motion high-speed print & apply. Logicor supports multiple platforms including: Linux, Microsoft Windows and IBM iSeries with WebSphere capability.

"Logicor is a valued Infor partner that helps us offer industry-leading technologies that ensure our customers' continued success and growth," said Scott Williams, senior director of global alliance and partner management, Infor. "Inforum 2007 provides a world-class platform for our partners and customers to share ideas and learn more about the global Infor community."

Inforum 2007 is expected to attract customers, partners from around the world who come to learn about new business opportunities, collaborate on Infor's business-specific solutions, and get the latest news on the product roadmaps for their solutions. Attendees will

### **About Logicor**

Logicor has provided diverse transportation management, shipment execution, extended enterprise solutions and services to customers for more than 12 years. Logicor clients range from global corporations shipping over a hundred thousand packages daily to mid-size companies with a significant diversity of carriers' requirements such as Walgreens, Dell, Honeywell, Standard Register, Dr. Martens, Starbucks and many others. Logicor's enterprise-class, multi-carrier shipping solutions solve the complex shipping challenges of businesses across a wide range of industries. With a Logicor solution, customers establish a single point of execution for all small package (DHL, FedEx, UPS, and USPS), LTL, and TL shipments – not only simplifying shipping practices, but also reducing their overall cost. For additional information, visit [www.logicor.com](http://www.logicor.com).

### **About Infor**

Infor delivers business-specific software to enterprising organizations. With experience built in, Infor's solutions enable businesses of all sizes to be more enterprising and adapt to the rapid changes of a global marketplace. With more than 70,000 customers, Infor is changing what businesses expect from an enterprise software provider. For additional information, visit [www.infor.com](http://www.infor.com).
