QUADRANT SOFTWARE TO BRING ITS PAPERLESS PROCESS MANAGEMENT SOLUTIONS TO INFORUM 2007

TAMPA – August 22, 2007 – Quadrant Software, the leader in Paperless Process Management solutions for the System i, today announced it will exhibit and demonstrate its solutions at Inforum 2007, Infor's annual user conference being held September 9-12, at Las Vegas' Sands Expo and Convention Center. The company will showcase the latest version of its solution IntelliChief, in Inforum's Solutions Expo, Booth # 526.

“As far as we're concerned this is the most important conference we attend,” said Ken Anderson, Quadrant Software's Business Development Manager. “Quadrant Software has almost 700 Infor installs and this conference gives us the opportunity to show our commitment to both our customers and Infor.”

Quadrant Software will be demonstrating IntelliChief, its powerful suite of various applications working in unison to create the first fully integrated and affordable Paperless Process Management solution. IntelliChief allows every user in an enterprise to create, deliver, process, and archive mission-critical documents without using a single sheet of paper. IntelliChief combines the strengths of many document and process management technologies into a single solution that is seamlessly and easily integrate into Infor's products.

“Quadrant Software is a valued Infor partner that helps us offer industry-leading technologies that ensure our customers' continued success and growth,” said Scott Williams, senior director of global alliance and partner management, Infor. “Inforum 2007 provides a world-class platform for our partners and customers to share ideas and learn more about the global Infor community.”

Inforum 2007 is expected to attract customers, partners from around the world who come to learn about new business opportunities, collaborate on Infor's business-specific solutions, and get the latest news on the product roadmaps for their solutions.

Attendees will have the opportunity to participate in hundreds of educational sessions on topics such as best practices, tips and techniques, product seminars, business strategy, and industry trends.
